VERSE 2 (cont.)

Every generation gets to join in the fun
Where united like the colors of Benetton
From the Baby Boomers, to Gen X, Y and Z
From every corner of the globe we're one big family

CHORUS

We bring the world together
There's always a time and a place
'Cause life's always brighter
When we're meeting face-to-face
(Repeat)

BREAKDOWN

I see you on a Skype call, I hear the words you say
I've checked you out on Facebook, but you're still far away
This digital connection can only go so far
I see your face, I hear your words, but I don't know who you are

CHORUS

We bring the world together
There's always a time and a place
'Cause life's always brighter
When we're meeting face-to-face
(Repeat)
